

JUAN DAVID

WEB DEVELOPER

I'm a dedicated software development student with a passion for web development, particularly in the front-end space. My focus is on crafting exceptional websites and applications that deliver outstanding user experiences using best practices. I aspire to assist companies in creating compelling online experiences that captivate their audience and boost their digital presence. I have a strong work ethic, and I'm constantly seeking opportunities to learn and tackle new challenges in the software development field.

WORK EXPERIENCE
